Port Ellen, Scotland, Feb. 28.—It is proposed to erect a monument in the center of the Island of Islay, one of the inner Hebrides, to commemorate the soldier dead of the Tuscania.

Monday morning, as Stanley and Dorothy Roberts were driving to school, their horse became frightened near the farm of William Powers when the cutter skidded on the ice, throwing both of the occupants out. The horse ran all the distance to the village before it was stopped. There were no serious results, except that the horse cut one of its legs quite badly and the cutter was damaged beyond repair.

NORTH KORTRIGHT NEWS.

Roads to Kortright Station are Made Impassable Last Week.

North Kortright, Feb. 28. — The roads have been in a bad condition the past week. Friday, both hill roads to Kortright were impassable, owing to snow drifts and to the water that froze, making a veritable sea of ice. Almon Georgia and Fred Brownell, after two attempts to reach Kortright Station, spent Friday cutting channels for the water and making travel possible. W. D. McIlwain also started for Kortright Station, Friday, but was unable to get through. The next day travel was resumed.

High Price of Feed.

This community is trying to cheerfully observe the wheatless and meatless days as far as possible. A more serious problem confronts the farmer in the extremely high prices of grain

and feed for stock and it is intimated by some that unless the price of feed is reduced to a reasonable figure farmers may not be able to keep up the present production of milk and eggs.

Successful Entertainment Held.

The entertainment given Friday evening by Miss Naomi Cole and her pupils was a pronounced success and was enjoyed by a large audience. The receipts were \$13, which will be devoted to the work of the Red Cross.

Stomach Dead Man Still Lives

People who suffer from sour stomach, fermentation of food, distress after eating and indigestion, and seek relief in large chunks of artificial digestors, are killing their stomachs by making just as sure as the victim of morphine is deadening and injuring beyond repair every nerve in his body.

What the stomach of every sufferer from indigestion needs is a good prescription that will build up his stomach, put strength, energy and elasticity into it, and make it sturdy enough to digest a hearty meal without artificial aid. The best prescription for indigestion ever written is sold by druggists everywhere and by it, it builds up and is rightly guaranteed to build up the stomach and cure indigestion, or money back. This prescription is named Mucosa, and is sold in small tablet form in large boxes, for only a few cents. Remember the name, Mucosa stomach tablets. They never fail.

The strong canvas cover will last for years. It protects the contents from loss or serious damage, even under a crushing blow that would burst open a suit case. Two canvas inner flaps, buttoned, hold the ends securely and keep out dust.

Reasons Why the Kwik-Pak Students' Parcel Post Case Is Desirable TO STUDENTS

Compared with any other safe form of container, the first cost is less and there is a saving of postage on every shipment. Cost during its term of service is less than cost of good paper and twine. Saves time and trouble of wrapping each shipment. Saves relabeling each time. Prevents carefully laundered goods from becoming mused.

Good suit case are expensive and heavy. Cheap cases will hardly last one trip and cannot be repaired. Bags muss laundered goods and clothing. Pasteboard boxes are unsafe even if wrapped. The Kwik-Pak saves all the trouble, and the saving of postage more than pays for an occasional filler. We have a new supply.

The daughters, both of whom were in Virginia, were summoned by telegraph when Mr. Salton's condition became alarming, but did not reach home until after his death. The funeral and burial took place from the Hamden church Tuesday afternoon.

Returning to Alberta.

J. Russell Shaw, who spent a number of weeks in Alberta last fall, was so well pleased with conditions that he has decided to locate there. FARMERS AT SIDNEY CENTER.

Joint Meeting of Dairymen's League and Bureau Association.

Sidney Center, Feb. 28. — A joint meeting of the Dairymen's league and the Farm Bureau association was held in the Grange hall Tuesday. There was a rather light attendance of farmers owing to the almost impassable conditions of the country roads. But notwithstanding this, the meeting proved to be most interesting and profitable. The speakers were: Farm Bureau Manager E. G. Brougham, Assistant Manager O. H. Chapin, Bruce M. Kilpatrick county director of the Dairymen's league and Prof. Isaac Hall of the State School of Agriculture. Also Miss Constance Badger of the Home Economics department of the state school, who addressed a women's session on the subject of war conkey and the value of milk as food.

Farm Horse Has Narrow Escape.

The farm home of H. J. Bidwell narrowly escaped going up in smoke one day last week, when the chimney burned out and became so heated as to scorch the wall paper and char the woodwork in rooms on the upper floor. Only the combined efforts of the family working all night prevented what would have been a disastrous fire, for the farm buildings are quite close and a strong wind was blowing. The rooms were badly damaged by water.

Mrs. Scott Thrown from Cutter.

Mrs. Vernon Scott is seriously ill as the result of an accident last Saturday night, when on her way to a party at Youngs. A CHILD DOESN'T LAUGH AND PLAY IF CONSTIPATED

If peevish, feverish and sick, give "California Syrup of Figs."

Mother! Your child isn't naturally cross and peevish. See if tongue is coated; this is sure sign its little stomach, liver and bowels need a cleansing at once.

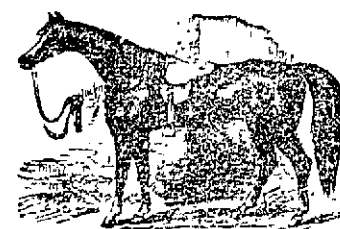

When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't eat, sleep or act naturally, has stomach-ache, diarrhea, remember, a gentle liver and bowel cleansing should always be the first treatment given.

Nothing equals "California Syrup of Figs" for children's ills; give a teaspoonful, and in a few hours all the foul waste, sour bile and fermenting food which is clogged in the bowels passes out of the system, and you have a well and playful child again. All children love this harmless, delicious "fruit laxative" and it never fails to effect a good "inside" cleansing. Directions for babies, children of all ages and grown-ups are plainly on the bottle.

"Keep it handy in your home. A little given today saves a sick child tomorrow, but get the genuine. Ask your druggist for a bottle of "California Syrup of Figs," then look and see that it is made by the "California Fig Syrup Company."

There will be uneasiness in Russia and Germany if the Japanese decide actively to enter the conflict, and that by way of Siberia. There are great stores of military supplies, forwarded from the United States and from Japan, which are now along the line of the Siberian Transcontinental railway. To prevent these supplies from falling into German hands, expedition is necessary; and there is no doubt that by the wily little Japanese, expedition will be practiced.

The speech of Chancellor von Hertling made no impression, apparently, upon the allied peoples. Neither does it seem greatly to have impressed his own countrymen, many of whom denounce the terms forced upon Russia. The fact is that the allies fully understand the German policy of treachery and deceit. They will not throw up their hands with a cry of "comrade" only to be received with a shower of bullets, as the deceived and outmaneuvered Italian soldiery did; but they will ask instead for something definite when it comes to the making of treaties, pacts or agreements.

Is it at all out of place to suggest that there is altogether too much washing of dirty linen in public places in Washington? The members of the shipping board, one against another; McAdoo vs. Hoover, and Hoover against Heney, and so on; with congress endeavoring so far as able to find out and to exploit something about everybody. There is no doubt that everything that has been going wrong should be made to go right, but it does not appear that the general public should be so fully advised as to every detail. Wash the linen, but do not hang it in the front yard to dry.

There is apparently a breach between Germany and Austria, as indicated by the press dispatches of yesterday. The breach is said to be as regards the refusal of Austria to enter into the fight with Russia. The report of differences between the Central Powers sounds well to the Allies; but it is a report which should be swallowed with hesitation and with more than the traditional grain of salt. It is only a few months ago that Austrian soldiers were fraternizing along the Italian frontier, and there were those simple enough to believe that there was a wedge driven into the alliance. Later events showed the fallacy of the belief. Later events are likely to show the same thing now.

Germany has all prepared a plan for renaming the people of the United States in case the rechtwohlgebornen subjects of the Kaiser win. We have no right, they say, to call ourselves Americans as distinguished from all the other nations of the continent. Accordingly Prof. Norrenburg, a Prussian privy counselor, declared that this intolerable condition can last only to the war's end. Thereafter the country will be called "usa," and an American an "usaner," while the adjective indicating our way of doing things will be "usanrich." This idea has the full approval of the rector of Berlin university and so should go, altho' Prof. Sapper of Strasburg complains that "usaner" offends the aesthetic ear and suggests the more euphonious and cultured word "ver-insatler," which means a union-citizen. Thus is kinder to rename the world, albeit the renaming must wait on German victory.

Y. M. C. A. WAR CONFERENCE.

Secretaries and Association Workers Meet in Binghamton Yesterday.

Thirty delegates representing eleven counties of the state, among them Otsego, Chenango and Delaware, assembled yesterday at the General Association building in Binghamton. The meeting was called a war-work conference and its purpose was to assist in raising \$4,000 men of the calling necessary to carry on the work in France. In the Binghamton district, which will be composed of three counties, 15 men will be asked for.

The speakers were State Secretary R. B. Smith, International Secretary James Whitmore and State Boys' Work Secretary Fanno. Those present from Otsego were Secretary Davis, Major Coperley and Secretary Westervelt of the Chamber of Commerce.

In at Albany Hospital.

Edwin Blakely, formerly of Otsego, who more recently has been engaged as a traveling salesman, is ill at an Albany hospital. His daughter, Mrs. R. E. Brigham, went yesterday to Albany to see him. His condition while requiring hospital care is not considered critical at present.

Secret Diplomacy.

"I'm going to tell you something in confidence," said the diplomat. "All right," replied the cynic. "To what particular person of my acquaintance do you want me to mention the matter by accident?" [Washington Star.]

COMMENTS OF THE PRESS

Pacifist Describes Himself.

At the beginning of the war the pacifist—that is, the bulk of the American people—was in the position of the testotater bitten by a rattlesnake. He abhorred and distrusted the remedy at hand and he abhorred and distrusted the venom of the snake. But the serpent knew no other argument, and the man had no other remedy immediately available. His friends earlier bitten had been forced to trust to the same remedy. And with many misgivings, but with grim determination, he set force against force, poison against poison, with the firm resolve that the same serpent should never bite again. [David Starr Jordan in The Public.]

Germany Must Give Up Russia.

Germany must be compelled to withdraw from the Russian provinces she has seized. That is an aim of war which the allies cannot too promptly proclaim. It is a purpose they must inflexibly adhere to. It is not alone the rescue of Russia that is involved. It is the safety of civilization. The clearing out of Germany from Russia is imperative because it is demanded by every consideration of international interest and safety. It is demanded for the security and permanence of the world's peace after the war. By her conquest of Russia, for undeniably it is conquest, though secured by the foulest means, Germany would be able to establish her future power upon a foundation vastly broader and deeper than that contemplated in her domain of Middle Europe. Profiting by that conquest, she will have been checked merely in the execution of her monstrous purposes, not balked; she will emerge from the war victorious beyond even her own plan and imagining, for she will be in a position to build up an irresistible military power and enforce her will upon the world. [New York Times.]

Forewarned.

There are rumors of some labor troubles about due here.

An inter-allied labor conference which has just completed its sessions in London has agreed to stand by until the war has ended.

We want no disturbances here, pleasing as they would be to the sowers of German propaganda, discord and money and to the Bolshevik element in this city, which is just itching to show its strength. This radical socialist element has already raised its head in the Legislature and prophesied disaster.

Let it be seen that at the first sign of disorder the disturbers learn early that New York is not Petrograd. [New York Telegram.]

Allen Enemies in the Ranks.

It seems like a wild fantastic tale that four soldiers in camp at Tacoma have been caught plotting to kill their officers when they reach the firing line in Europe, and to deliver their comrades as prisoners to the Germans.

And if they had ever tried it, they would have found that it wasn't as easy as they had supposed. Still, the thing could be done.

And if these young men who have sworn allegiance to their country are found guilty of the crime charged against them, the safety of their loyal fellows demands the death penalty.

But before they come to that, an effort should be made to find the German propagandists who have been using them as tools. It is the men higher up with whom the country particularly wants to settle its account. [Binghamton Press.]

Skim!

The size of the Trotsky-Lenino "victory" will be understood when it is noted that the portion of Russia in which they are to be permitted to proceed with their war against Capitalism is one in which there is no Capitalism to make war upon. [New York Herald.]

Who Won't Save May Be Compelled.

Broadly speaking, the conservation requests of the Food administration are being faithfully met by the housewives of the land. Many hotels and public eating places also adhere to the wheatless and the meatless and the porkless days and to the practice of one wheatless meal each day. There are some offenders, however, and it is to reach them that the bill reported favorably by the house committee was introduced. Here and elsewhere throughout the country there are high priced restaurants and hotels where apparently no consideration is given to the conservation requests and waste still runs riot. When the great majority of the American people are accepting the discomforts of conservation without a murmur, those who do not, whether they be caterers to the public or individuals—should be singled out and made to do their part.

The power to compel must necessarily be lodged in the president. If the time should come for a system of compulsory rationing of the individual consumer as well as of the distributor, the American people will make no objection. All they will ask is that the burden be distributed equally and impartially and they are willing enough to trust the President to see to that. [New York Herald.]

New York Women Register.

In spite of the intelligent political agitation, in which women have engaged recently, it must not be forgotten that to thousands and hundreds of thousands the machinery of registration, enrollment and voting is strange or unknown. Its novelty, unquestionably deterred many of these from going to the polling places. They will soon learn that the ordeal is not one to inspire fear and will turn out in greater numbers as it becomes familiar to them.

And when an election in which a distinct, sharply defined moral issue is involved comes along the women will swamp the registration clerks in their eagerness to qualify to vote right on it. [New York Sun.]

FLOATING GANG OF FEMALE LABORERS WORKING ON PENNSYLVANIA RAILROAD

The first photograph showing woman section hands working on an American railroad. Other railroad positions have been opened up to woman workers because of the war-time scarcity of male labor, but this is the first time that woman workers have taken their place beside the men in the section gang. RECTOR GETS \$75.00 VERDICT

JURY EVIDENTLY SYMPATHIZED WITH THE WOMAN DEFENDANT.

Verdict of No Cause of Action in the Stevens Hardware Company Action Against Davis and VanDeusen Case on Trial.

At Cooperstown yesterday, in part 2 of the supreme court now in session, the case of Rev. George C. Dickinson against Mary Drake of Cooperstown, an action to recover damages, was completed before Justice McCann, the evidence for the defendant being presented during the day and the case summed up in the early afternoon being submitted to the jury at 2:45 o'clock. At 4:30 o'clock the jury returned a verdict of \$75 for plaintiff. The attorneys for the plaintiff consider that this must have been a compromise verdict, holding that their client was entitled to more or nothing. The defendant alleged in her defense that one tire was flat on her car and that she could not handle it easily as it rounded the corner at Colliers. This was contended by the plaintiff as not excusing her for colliding with the car of the plaintiff, but the jury evidently was disposed to show some consideration for the woman.

When this case was completed Judge McCann called No. 34, that of George B. Hoese against the Chenango Valley & Westford & Otsego County Co-operative Fire Insurance company et al., and a jury was drawn and the taking of evidence commenced before court adjourned for the day. The hearing will be continued today.

Before Judge Kellogg the case of the Stevens Hardware company against W. H. Davis and W. R. VanDeusen, an action to recover on a note, was concluded and the jury rendered late in the day a verdict of no cause of action. Claude V. Smith was assisted in the defense of the action by Attorney Charles R. O'Connor of Hobart.

This concluded the cases which Judge Kellogg will hear. The grand jury has finished its work and returned the indictments. They will not be announced, however, until Friday morning, when it is expected that those who are in custody will be arraigned.

MEN TO BUILD SHIPS NEEDED.

Shipping Board Needs 250,000 Skilled Mechanics as Shipyard Reserve.

The United States Shipping board announces the need of 250,000 skilled mechanics for the organization of the United States Shipyard volunteers, the aim being to have the men register and remain at their present employment, but to be available to work in the shipyards when needed. All men, qualified are requested to enroll at once.

We quote from the announcement made by Fuel Administrator Garfield when he issued his drastic order, and make this quotation because it is itself a frank statement of the situation:

"War munitions, food, manufactured articles of every description, lie at our Atlantic ports in tens of thousands of tons, while literally hundreds of ships, waiting, loaded with war goods for our men and the allies, cannot take the seas because their bunkers are empty of coal. The coal to send them on their way is waiting behind the congested freight that has jammed all terminals."

"It is worse than useless to bend our energies to more manufacturing when what we have already manufactured lies at tidewater, congesting terminal facilities, jamming the railroad yards and side tracks for a long distance back into the country. No power on earth can move this freight into the war zone where it is needed until we supply the ships."

This is the most important message that can be carried to the American people today, for it will give them the underlying reason for the present stoppage in our business life. These are facts which every business man in every city, every laboring man, and every official should understand fully before, if war business is to go on, if factories are to work full time, if labor itself is to remain continuously employed, these ships must be built and be built at once.

Shoes For Growing Feet

To give little feet room to exercise—to give support where support should be—to add that bit of daintiness to the already dainty dresses, and last, but not least, to possess such wearing qualities as might reasonably be expected of shoes of this kind, is the fourfold test to which you should subject all your purchases of children's footwear.

This is the standard at Gardner & Stevens and we see to it that all our purchases of children's footwear meet these requirements.

Send or bring in the little ones and you may feel sure that their feet will have the care and attention they so well deserve.

We believe that we are serving our customers' best interests by advising them to buy now, while good quality can be secured at reasonable prices.

DOLLAR DAY BETTER THAN 1917

MERCHANTS ENTHUSIASTIC OVER SUCCESS OF BIG EVENT.

All Matched trade of year ago While More Than Half Did 50 Per Cent More Business Than Then—City Crowded With Out of Town People. With a crowd conservatively estimated even despite adverse weather conditions, as the largest ever in the city for such an event, Oneonta's annual Dollar Day was termed by those who worked to make it a success, the greatest ever. No town of these stores went below the business done last year; more than half of them declared they did 50 per cent more, while one or two stated with enthusiasm that it was the greatest ever.

Delaware and Hudson and Ulster and Delaware trains, trolleys and automobiles brought so many people to the city; that in addition to the townspeople, they taxed the clerical forces of the stores to their capacities. So great was this that the Oneonta Department store said their only drawback was that they had not provided sufficient clerks. Crowds of people waited outside the doors of the stores as early as 7:30 a. m., though the shops were not to be open until 8 o'clock. Many lines in these stores were sold out early in the morning.

Perhaps the busiest place in the city was the shoe store of Shear & Sharpe which sold out all of its bargains at 10 o'clock. This place had employed eight extra clerks to handle the volume of trade. When their special stock was cleared out, Mr. Sharpe, who came here from Johnson City, to personally manage the sale, placed shoes of greater value on sale at \$1. Another store in the shoe business, Gardner & Stevens sold all of their \$1 a pair shoes out by 10 o'clock. The sales here were stated here by Leslie Gardner as 50 per cent greater than last year.

At M. Gurney & Sons, W. W. Capron stated that a larger crowd than attended last year bought out all the suits, cloaks, skirts, etc., that were on sale, bringing the amount of business done to at least 50 per cent better than last year. Another store of this character, Sisson's, closed out all of the goods exhibited in their windows by 8:30 and changed the display several times during the day. Here too trade was much greater than a year ago. Ronan Brothers declared with great enthusiasm that they did the largest business in their history. All the bargains they put on the counters were snatched up so quickly that they had to take other goods out of general stock to meet the demand.

In the men's clothing business such stores as the Rochester Clothing company and the Bell Clothing company said their trade for the day was far better than ever before. The Rochester people said if the weather had been better, they could have done even more, but the Bell manager declared that he could not have sold more goods than he did.

Throughout the day, in other stores, whether they co-operated in the movement or not, business was humming.

PHILHARMONIC CONCERT.

Musical Program, Elocutionist and Photodrama at Theatre Monday.

Gardner's Philharmonic orchestra will divide honors with Mrs. H. Claude Hardy, elocutionist and the photoplay program arranged for the concert next Monday evening. The orchestra is too well known to need an extended description other than it is made up of 60 local musical enthusiasts under the able direction of R. E. Gardner. The assisting artist, Mrs. H. Claude Hardy, is an elocutionist of note and an entertainer of acknowledged ability, whose work is highly regarded by the press and dramatic critics of the larger cities. The film end of the program is taken care of by The Silent Witness, a visualization of the famous Broadway success which was conceded the greatest since Madame X. For good measure a Pathe Weekly has been added. Tickets are for sale by members of the orchestra or at the theatre box office and priced at 25 cents, which includes the war tax. No children under five years admitted. First show starts at 7 sharp, the second at 9 p. m.

Called for Examination March 6.

The following men have been called for physical examination by the local board for Wednesday, March 6: 2 p. m., Holder Z. Hacker, Albert H. Higgins, Alvin L. Wells; 3:30 p. m., Paul Lucas, Howard E. Oliver, Francis J. Williams; 5 p. m., Lynn Gile, Harvey Brayman, Claude Youmans; 3:30 p. m., Harry B. Jaquish, George Canning, Horace P. Kenney; 4 p. m., Joseph Kelley, Noah E. Vredenburg, Earl M. LAST DAY FOR R. C. FUND

Up to Last Night \$953 Had Been Received — Expect Oversubscription — Local Chapter Sends Nine Large Boxes of Finished Articles.

With today the last of the drive to make the \$1,000 monthly "pledge fund" go over the top, the Red Cross has \$46.34 to secure. The sum received up to last night was \$953.46, received from 524 subscribers. With the shops still to be heard from, the required amount is apparently assured of over-subscription.

Nine large boxes of finished articles were shipped yesterday by the local Red Cross chapter to the shipping station of the Atlantic division at New York. Five of them contained a special order of 550 gauze absorbent pads packed in 190 muslin bags. The goods, it was stated, should have been sent away in paper containers, but a supply of them could not be received.

Three boxes of surgical dressings were among the shipment, composed of 250 splint straps and 250 3-yard rolls. The ninth box contained 104 white covered comfort pillows.

Donations received yesterday at headquarters were as follows: A friend, \$1; a friend, \$1; Mrs. Anna R. Jennings, \$1; Mrs. Van Sloat, \$1. Goods have been received from the following branches:

Wells Bridge—Nine short bed socks, five long bed socks, two rolls old linen, ten tray cloths, 11 wash cloths, four table napkins, ten knit sponges, three comfort pillows, seven pairs of wristlets, two pairs of socks, two mufflers, ten outing bed shirts, one twilled bed shirt.

Goodyear—One sweater, two pairs of wristlets, one wash cloth, ten "T" handkerchiefs.

Sixty High school girls worked at the Munn rooms yesterday afternoon and completed 710 small compresses.

The Red Cross again calls attention to the offer made by the Oneonta Grocery company that for every empty tin Klipnokie coffee can returned in good condition, the Red Cross will be given three cents. In the northwest this plan has been tried successfully, over 1,000,000 cans having been returned.

"CASH AND CARRY" GOES.

Committee Working on Details to be Given Soon in The Star.

That a majority of the groccymen and meat men of Oneonta are patriotic and willing to comply with all Federal requests, no matter how severe, was evidenced at the last meeting of the retailers held in the Chamber of Commerce rooms.

At this meeting resolutions were adopted and a majority of those present agreed there seemed no other alternative at this time. The plans as outlined and which will be announced at a later date, are not drastic. Apparently they represent the least inconvenience on the part of the public in the effort of the retailer to conserve. The public has been very carefully considered and there seems little possibility for complaint on the part of the consumer when the plans are fully and minutely explained.

A committee is working on the details and it is hoped within a day or two the complete details will be published in The Star.

While it has not been officially announced it is rumored in official circles that retailers who are endeavoring to co-operate with the Federal and State authorities toward conservation and pertaining to deliveries and credit, that these merchants stand a much better chance should an arbitrary law become effective. This same rumor intimates that where communities are organized to carry out such a definite plan the authorities may not interfere.

C. L. SHEARER RETIRES.

Capable Young Man Retires from Business Founded by His Late Father.

Carl L. Shearer, who for 14 years has been connected with the G. B. Shearer company, for the past seven years a director and treasurer of the company and in charge of the store and business office of the company, has disposed of his stock and has resigned as director and treasurer of the company. He has no plans but will after a brief respite doubtless become attached to one of the large piano or other musical houses, he having a wide acquaintance and a good repute in the musical instrument trade.

Mr. Shearer has made many friends by his courteous manners and good business principles, and along the business street and among the patrons of the store his retirement will be regretted and best wishes expressed for his future.

The stockholders of the company will meet on Saturday to elect new directors and new officers, at which time his successor as treasurer will be chosen.

SUNNY SOUTH COMPANY.

Up-to-Date Musical Organization at Oneonta Theatre March 5.

One of the biggest, strongest, most complete and capable colored organizations entour is announced to appear in the Oneonta Theatre, Tuesday evening, March 5, when the world famous "Sunny South" company, which is under the management of that old timer, J. C. Rockwell, is due to make its appearance. It is clean and refined, full of sparkling music and humorous situations, one of the jolliest, most up-to-date and breeziest offerings on the stage today. From the rise to the final fall of the curtain, there is not a moment when some of the numerous cast are not occupied rendering matters pleasant to the audience. The organization is accompanied by a band and orchestra. The "Koontown" parade takes place at noon. Tickets on sale Saturday. Prices 25c, 35c and 50c.

DEATHS.

Duane P. Sprague. Jaconport, Feb. 28. — Duane P. Sprague, a respected resident of this village, died at his home at 2:30 a. m. today. Mr. Sprague was taken ill about three weeks ago, and from that time gradually declined. The cause of death was a complication of diseases. Deceased was a son of James and Harriett (Potter) Sprague and was born in Potter Hollow, Greene county, May 8, 1852.

Most of his life was spent in and near Jaconport. He was a farmer. On January 9, 1878, he married Katharine M. Wolfe, who died four years ago.

Mr. Sprague was an honorable, upright citizen, and his demise is mourned by a large circle of friends. He was a member of I. O. O. F. lodge, No. 537, having had all the honors of this lodge conferred upon him. He was also a member of P. P. Cooper camp, Oneonta, which latter organization will have charge of the services at the cemetery here. He is survived by one daughter, Mrs. Fred G. Hillis of this place, and one sister, Mrs. D. S. Brewster of Schenectady.

The funeral will be held Sunday at 1 p. m. at the house, and at 1:30 p. m. at the United Presbyterian church, of which Mr. Sprague was an active member. Rev. W. H. FUNERAL OF WALTER A. CLARK.

Victim of Tragic Schenectady Accident Laid at Rest Yesterday.

Schenectady, Feb. 28.—The funeral of the late Walter A. Clark, whose untimely death occurred Tuesday, was held from his late home at 2 o'clock this afternoon, Manahoe lodge, 905, I. O. O. F., attended in a body and rendered the ritual service of that order. Rev. R. S. Boyce of the Methodist Episcopal church, assisted by Rev. C. H. Colgrove of the Baptist church, officiated, and after the reading of appropriate passages of scripture, paid fitting tribute to the memory of the departed brother.

Great as was the shock which the first news of his death occasioned, the loss will be more keenly felt by the community as time passes. A successful business man, interested in every project for the public benefit, a good neighbor and a kind and loving father and husband, he will be greatly missed by all.

The bank and other business places remained closed during the afternoon. There were many beautiful floral tributes, simple tokens of the high regard in which the deceased was held and the large cortege composed of relatives and friends which accompanied the remains from his late home to the cemetery, also bore silent testimony of this regard. The remains were placed in the vault in the Schenectady cemetery.

Funeral of Mrs. Marion B. Tucker. Prayer services for the late Mrs. Marion B. Tucker were held at 10 a. m. yesterday at her late home, 18 Spruce street in this city. Following the service, which was conducted by Rev. B. M. Johns and was attended by many friends and neighbors, the body was taken on the 10:50 train to Milford, where the funeral was held at the home of her son-in-law and daughter, Mr. and Mrs. L. M. Barnard. The service, which was largely attended, was conducted by Rev. Nelson B. Ripley, pastor of the Methodist Episcopal church in that village, who read appropriate passages of scripture and followed with a brief address in which he paid well deserved tribute to the life and Christian virtues of the deceased. Among the many beautiful floral tributes were offerings from the Oneonta Eastern Star, the Methodist Home Missionary society and the Lady Macabees and Odd Fellows of Milford.

Interment was beside her husband, the late C. L. Tucker, in the family plot in the Milford cemetery. The bearers were G. G. Whitney, J. E. Smith, O. A. Weatherly, Kent Barney, W. L. Morris and O. D. W. stoott.

Among those present from a distance were Frank Foster of Utica, Mrs. E. S. Packer of Albany and D. L. Rose of Sidney, the latter a brother of the deceased.

A GOOD STORY SPOILED

BRAYMAN, DRUNK ON TUESDAY, APPEALS TO BRAYMAN, SOBER ON WEDNESDAY.

Local Board of This City Throws in Contact with Young Man Who Tells Many Conflicting Tales Which He Accounts for by Papers Showing Him as Discharged From U. S. Army as Mentally Deficient.

A case that appeared to the Local Board of this city on Tuesday afternoon as an attempt to escape the draft was changed to finding mental deficiency Wednesday when Harold Brayman, aged 25 years, of 5 Baker street this city, informed the officials that he had been discharged from the United States army last October as unfit to perform intelligently the duties of a soldier. Having papers to prove his statements, Brayman was placed in class 5.

When he appeared at the board on Tuesday, Brayman said he had never heard of the draft, but read of it, yet did not register on June 5, 1917, because his former employer refused to give him the day off. Yesterday afternoon he declared he was intoxicated the day before, did not know what he was doing, and contradicted his former story by saying he was a member of the 55th U. S. Infantry regiment in June.

In his first story, the young man, tall and slender, a native of Middleburg, stated that at the time of the national lottery, he was working on a farm at Treadwell, but came to Oneonta last week to accept employment as a flue blower in the Delaware and Hudson shops here. He asserted then that his brother, Harvey Brayman, met him when he arrived in the city, and learning that he had not registered, he had not registered for doing so at the earliest possible moment.

Applying at the board Tuesday afternoon, Brayman was told, upon the strength of the story he then related, that unless he returned the following day he would be imprisoned as a delinquent. When asked upon his first visit, why he had not registered and if he ever read the papers to keep himself posted, he replied: In a soft drawl, almost like a southern accent: "No, sah, ah ain't seen no newspaper in three years, sah. I didn't know nothin' but no draft, sah."

"But do you mean to say you were ignorant of the fact that the United States was raising an army? How did you think they were getting the men?"

"Well, sah, my brother did write me a letter, sah, but—"

"O, I see, so you knew about it after all. He wrote you, did he?"

"Yes, sah, he did that, sah; but you see it was this way, sah. I showed that letter to mah boss, but he put his foot down and said he didn't care nothing bout reg'ist'ng. Farm labor was scarce, sah, and he couldn't let me go."

"And you were in Treadwell?" the persistent cross examination continued, "and your employer would not let you come that short distance to obey the law?"

"I know, sah, but I would lose my job, sah, and I have a wife to support," he answered with a smile.

"A wife? Where does she live?"

"In Bingimton, sah. What she livin' there for? Well, sah, they took her away from me—the cops did—and now she's livin' down there with her people. Oh, yes, I pay her for dollars a week. We ain't been livin' together for more'n a year and a half, sah."

At this point, the questioner swung around in his chair to ask Brayman what he was going to do about the matter, and if he wanted to claim any exemption.

"No, sah," was the reply, "ah am ready to go away with the army now, Enlist? Yes, sah, where can ah go to do that?"

"You can enlist right here. You come back at 2 o'clock tomorrow afternoon and we'll take care of that for you. And mind you," he was admonished, "you are dealing with the United States government. The maximum penalty for not coming back here is death. You may go now."

And he went out, promising heartily to return yesterday, which he did with the papers given him by the United States army to show his discharge for mental deficiency.

Site Still Undecided.

A representative from the State Board of Health at Albany was in town yesterday and with a committee of the board of supervisors looked over and considered the Coe site, situated two miles south of this village, for the County Tuberculosis hospital. KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feel young—so do this you must watch your liver and bowels—there's no need of having a sallow complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action yet always effective. They bring about that exuberance of spirit, that natural buoyancy which should be enjoyed by everyone, by toning up the liver and clearing the system of impurities.
